

The Many Reasons that Supporting the California Council on Problem Gambling Helps in California

Founded in 1986, CCPG is dedicated exclusively to helping problem gamblers and their loved ones.

Over 1 million adults in California will suffer from a gambling problem in their lifetimes.

~ 2006 California Problem Gambling Prevalence Survey

CCPG provides education and outreach to raise awareness of problem gambling.

Substance abuse is 3.6 times more common than gambling disorder, but \$281 is spent on help services for each \$1 spent on gambling.

~ 2013 National Problem Gambling Services Survey

Help is available, and recovery is possible - but awareness must come first!

YES! I want to support the California Council on Problem Gambling by making a contribution at the following membership level:

Individual Memberships

- Annual General Member \$100 - \$999
- Lifetime General Member \$1,000
- Other \$ _____

Name

Address

City, State, Zip

Email
